No. 1752 MFA.IC/LC2

The Ministry of Foreign Affairs and International Cooperation of the Kingdom of Cambodia presents its compliments to all Diplomatic Missions, Consular Posts and International Organizations accredited to the Kingdom of Cambodia and, with reference to the Ministry's Note No.1605 MFA-IC/LC2 dated 20 October 2021, has the honour to inform that due to the strong improvement of the situation of COVID-19 in Cambodia, the Government of the Kingdom of Cambodia has decided to reopen the national economy and society to the new normal context of COVID-19 by relaxing, with immediate effect, travel requirements and health measures for travelers entering Cambodia as follows:

- 1- Travelers who have been fully vaccinated the COVID-19 vaccine are exempted from quarantine. They are allowed to travel freely throughout Cambodia after receiving a negative COVID-19 test result taken by antigen rapid diagnostic (rapid test) at the entrance to Cambodia.
- 2- Travelers who have not been fully vaccinated the COVID-19 vaccine, are required to take the COVID-19 PCR test and undertake a 14-day quarantine in accordance with the procedures in force.
- 3- Travelers who have been fully vaccinated the COVID-19 vaccine and are currently undertaking quarantine at quarantine centers, hotels, and homes across the country, and who are not found positive for COVID-19 will be allowed to leave the quarantine from 15 November 2021 onwards.
- 4- The Announcement of the Ministry of Health of Cambodia No.499 SKL dated 14 November 2021 is attached herewith in Khmer and English (unofficial translation) for information.

The Ministry of Foreign Affairs and International Cooperation avails itself of this opportunity to renew to all Diplomatic Missions, Consular Posts, and International Organizations accredited to the Kingdom of Cambodia the assurances of its highest consideration.

Permission for travelers who have been fully vaccinated the COVID-19 vaccine to enter Cambodia without quarantine

In response to a new normal context of COVID-19 that Cambodia has been fully reopening the national economy and society, whereas citizens across the country have been vaccinated the COVID-19 vaccine at a coverage rate of nearly 88 percent of the 16 million citizens already and to effectively implement the recommendations of the highest special voice message of **Samdech Techo Prime Minister** dated 14 November 2021 on permission for travelers who have been fully vaccinated the COVID-19 vaccine to enter the Kingdom of Cambodia without quarantine, the Ministry of Health would like to inform the relevant authorities at all levels and the public who are traveling from abroad (both Khmer and foreigners) to follow the instructions as follows:

1. Travelers who have been fully vaccinated the COVID-19 vaccine and entering Cambodia by air, sea, and land, shall bring the COVID-19 vaccination card or certificate confirming COVID-19 vaccination of full basic doses and a certificate indicating negative for COVID-19 within the validity of 72 hours prior arriving in Cambodia recognized by the health authority of the resident country. Upon arrival in Cambodia, travelers shall take a COVID-19 rapid test at the entrance to the country and wait for the test results for 15 to 20 minutes. After receiving a negative COVID-19 test result, the travelers are allowed to travel freely throughout Cambodia, regardless of region or province, and are not required to be quarantined.
2. Travelers who have not been fully vaccinated the COVID-19 vaccine and traveling to Cambodia, are required to take the COVID-19 PCR test and undertake a 14-day quarantine in accordance with the procedures in force.
3. Travelers who have been fully vaccinated the COVID-19 vaccine and are currently undertaking quarantine at quarantine centers, hotels, and homes across the country and who are not found positive for COVID-19, will be allowed to leave the quarantine from 15 November 2021 onwards.

This announcement is effective from 15 November 2021.
